

Winter 2020
Ice track skating in north Sweden
January - February - March

Björk & Boström Sport Incentive are proud to welcome skate enthusiasts from The Netherlands and Belgium to a unique experience that combines ice track skating on nature ice, with a city stay in north Sweden. Our travel offers ice track skating in beautiful Tavel sjö and hotel accommodation in Umeå - northern Sweden's largest urban city. The 16 km long ice track in Tavel sjö is only thirty minutes by bus from Umeå city center.

THE ICE TRACK IN TAVELSJÖ

Tavelsjö AIK Isbana, located in Tavelsjö about 25 km from Umeå, is perfect for both long distance skating and excursions. In 2019 the track was about 16 km long and 20 m wide. The stretch is divided into two loops with a crossing in the middle, so you can choose to go all or half the distance.

A LITTLE TIP!

Take the opportunity to visit Sundlingska or Wårdshuset Prästgården (an inn) for some food or a snack (just make sure they are open). It is also possible to pack your own lunch bag and visit one of the barbecue places or arrange your own seat after the ice track.

Bring your skates and warm clothes, and change on site at Sundlingska gården on arrival.

If you want to rent skates, that is possible at a cost of 15-20 Euros per day.

If your feet are tired, borrow a Swedish kick sled and take a ride around the tracks!

Umeå has a population of 126 000 and is sometimes referred to as the regional center of northern Sweden. Thanks to its university with 35,000 students, the entire city has a very youthful character. It is also a city that has a broad and exciting range of things to offer; breath taking nature, an abundance of shopping, first class restaurants and a rich cultural life. In 2014, Umeå was European Capital of Culture.
